Still receiving numerous complaints of residents allowing their dogs and cats out of their homes or yards with no leash. If your dogs or cats are caught, you will be responsible for all charges and need to pick them up at the pound in Minneapolis. You will be written a citation from the city and will need to go to court. If the animals are found to have no current tags, you will also be cited for that and not be able to get them out of the pound until we have proof of rabies vaccinations and you have a current tag. If you are interested in reading the city's regulations on animals, there are city code books you may read at the city office if you have no access to the internet or you may go online at www.cityofbennington.com, the code book in its entirety is on the website.
