ATTENTION

As you are driving to work or doing other business in town, please be mindful of your driving speed when doing so. It is concerning how fast some people are driving in town! It only takes one time for a child to be hit and killed not to mention an adult that can not get out of your way in time. Please SLOW DOWN! The speed limit in residential areas is 30 MPH! Speed limits in the business district is 20 MPH. School zones are also 20 MPH during school hours, all other times, 30 MPH. Please keep this in mind.
