

June 2022 Newsletter

As I write this today, it is so cold I am shivering at my desk. This is not at all what I think of for weather when June is right around the corner. Hope this finds everyone well and ready for summer! The rain is a miracle, even if it is cold; it is well worth it for all this much needed moisture.

The Bennington Rodeo is June 2nd, 3rd, and 4th. The Rodeo fun days will be going on as usual downtown on Saturday the 4th. The parade will be Saturday afternoon at 4:00 pm. Line up at the Bible Church at 3:30.

The pool repairs are coming along. The rain slowed the progress some, but we are all hoping the pool will open around the 6th of June. I will send out a text as soon as we know something for certain. Thank you for your patience, I think that everyone will certainly enjoy the new spray pad and it will be wonderful to have to pool fixed and end the leaks we have fought for a long while.

The recycling center is in need of volunteers to help! If you would be willing to help out, please call Dennis Kelley at 488-3714. Any help would be very appreciated!

Just a reminder, your 2022 animal tags are 14.00 as of the first week of June unless it is a new animal. Please contact us if your pet has passed away and we do not know it. If you have a new animal, you have 30 days to register it if it is not too young to give a rabies shot. If it is a puppy, please let us know

that you have it and please get it shots as soon as possible. Another reminder to anyone getting new animals. Pit bulls and Rottweiler's are not allowed in the city limits of Bennington. The ordinance is located on our website. It lists the breeds and they may not be mixed with either breed. We have had animals tested when we were informed there were dogs that looked like pit bulls in town, this is a city ordinance, and they were ordered to be removed from the city limits by the judge.
